

### Information About The Service

Seacrest Fibre is a broadband service exclusive to Seacrest Estate in Geraldton, offering high speed internet access with a monthly included data allowance. Node1 Internet is the only internet provider that can provide this exclusive service.

### Requirements & Availability

Seacrest Fibre does not require a telephone service in order to function.

You will require a wireless router for this service. The monthly fee does not include the cost for a wireless router however you may purchase one from us at an additional cost.

Internet speeds may be affected by:

- Seacrest network infrastructure
- Internet connectivity to your premises
- Wireless interference within and/or around your premises (if you're connecting wirelessly via a wireless router)
- Limitations of network devices, mobile devices, consoles, computers, cables and other devices that you use
- The available bandwidth of the service you're using (e.g. peer-to-peer games, websites & download sources)
- Other users on your Internet connection

### Minimum Term

There is no minimum term for Seacrest Fibre plans.

#### Data Allowance Information:

- Data allowances are based on On-Peak + Off-Peak times. On-Peak: 8:00am to 12:00am and Off-Peak: 12:00am to 8:00am.
- There are no automatic excess usage charges on the Seacrest Fibre service – instead, traffic beyond the included data allowance will be shaped to speeds of 512Kbps/128Kbps.
- Quota is counted as the total of downloads plus uploads
- Usage is reset to the data allowance on the first day of each month.
- All localised traffic is free within Seacrest Estate and not counted to your monthly quota
- You may purchase data packs at an additional cost for a data allowance top up, if required.
- Information on data pack pricing is available at [http://node1.com.au/residential\\_seacrest.php](http://node1.com.au/residential_seacrest.php).
