Critical Information Summary – NBN Fixed Wireless – Residential Plans

A: 4/97 Hector St, Osborne Park, WA, 6017 T: 1300 166 331 E: info@nodeone.com.au ABN: 43 620 671 374 ACN: 620 671 374

Information about the service

The National Broadband Network is a high-performance network, allowing for super-fast connectivity speeds between customers and Internet Service Providers.

Availability & Requirements

This service is only available within an nbn™ Fixed Wireless service area. Unless your premises is already connected, you will need to be connected to the nbn™ Network. Any cabling that is required in your premises beyond the network boundary point is your cost and responsibility. This service does not depend on a bundling arrangement with other Telecommunications services.

You will require a wireless router for this service. The monthly fee does not include the cost for a wireless router, however you may purchase one from us for \$149. Alternatively, you may purchase a wireless router from another retailer of your choice.

Minimum and Maximum Charges

We offer this service with a choice of; 0-month contract or a 12-month contract. The minimum amount payable depends upon the chosen contract term. See Plan Options table below for minimum pricing.

Inclusions

Your Monthly Data Allowance is included in your nominated plan. Any unused monthly data allowance expires each month at the end of your billing cycle. You may purchase data packs at an additional cost to increase your data allowance for the month. Data packs will also expire at the end of your billing cycle. Further information on data packs is available by logging into our **Members Portal**.

Exclusions

If you exceed your monthly data allowance in a month, your internet service will be slowed down to 256kbps/64kbps for all usage for the rest of that month until your next billing cycle begins (but you won't be charged extra for use).

Information about pricing

Monthly charge

Your minimum monthly charge is based off the plan you nominate. Please see the table below to view the monthly charges for each plan. The maximum monthly charge depends on whether you have chosen to add any additional data packs for the month.

Termination

If your service has a 12-month contract term, there is a termination fee of \$40 plus the service fee for the month in which you cancel.

Other charges

There is no setup fee for a 12-month contract term. There is a \$55 setup fee for a 0-month contract. If your property has never been connected to the nbn™ network then you may attract a new development fee of \$300. We will notify you if this is applicable to your order before we proceed. If you're a new or existing Node1 customer and would like a new wireless router you can purchase one from us for \$149.

Changing plans

To view the plans that you may switch to, login to your account. Your plan change will take effect at the start of the next billing cycle. Once your plan change has taken effect, you will receive a charge or credit to reflect this on your next bill. There is a \$10 fee for changing plans.

Billing

The figures in this Critical Information Summary are for a full billing cycle, however your first bill may include pro rata charges for part of the month if you started your service part way through a billing period.

Our billing cycle is based on the calendar month. You will be billed on approximately the 4th of each month, for the next month in advance. Any additional charges incurred during the previous period, such as the addition of data packs or a plan change, will also be included on your next bill.

Plan options

Speed	Monthly Data Allowance On Peak + Off Peak	Monthly Charge	Total Minimum Cost (No Contract)	Total Minimum Cost (12 Month Contract)	Cost of 1GB of data within included Data Allowance
25mbps/5mbps	Unlimited	\$69.00	\$124.00	\$828.00	N/A
FW Plus*	Unlimited	\$79.00	\$134.00	\$1,896.00	N/A

*FW Plus plan will perform at the maximum available throughput attainable on the nbn™ infrastructure.

Other information

Data usage information

Usage is counted as the total of downloads plus uploads. You can obtain data usage information by logging into your account using our **Members Portal**.

We'll also provide you with email and/or SMS usage alerts once you've reached approximately 50%, 85% and 100% of your data allowance. Data allowances are based on On-Peak + Off-Peak times. On-Peak times are from 8am to 12pm. Off-Peak times are from 12am – 8am.

Customer service

Please visit **Our Website** if you have any questions about this offer, want to talk to our technical support about our services or your connection. Alternatively, you can call us on 1300 166 331. Our opening hours are 8am-8pm weekdays and 9am-5pm on weekends.

Complaints or disputes

If you have a problem or complaint about your service, visit **Our Support Centre**, where you'll find our complaints escalation process. This outlines how to make a complaint, and what we will do to assist you.

Further information

If we are unable to resolve a complaint to your satisfaction, you can contact the Telecommunications Industry Ombudsman by calling 1800 062 058. For full contact information, visit the **TIO Website**.

For more detailed information about broadband internet and factors that can have an effect on services, see our **Broadband Information** document.

Discounts & promotions

This summary does not reflect any discounts, promotions or added services which may apply from time to time.

Fair Use Policy

You must comply with our Fair Use Policy and not use your services in an unreasonable or fraudulent manner, or in a way that detrimentally interferes with the integrity of the network. We may take action if you breach the **Fair Use Policy**, including suspending or cancelling your service.

Speeds

Actual speeds vary, and are affected by network infrastructure, internet connectivity, wireless interference, limitations of devices, mobiles, consoles, computers, cables that you use, the bandwidth of other services (e.g. p2p games, website, download sources), and other users on the network. Speeds may be slower when your devices are connected by Wi-Fi.
